

NWCOS Update Form

TOPIC: Hand-outs at NWCOS Meetings

DATE: January 19, 2005

PREPARED BY: Kristi Parker Celico

Key activities since last NWCOS update:

A couple of NWCOS of participants have asked what type of materials are appropriate to hand out at NWCOS meetings. Some have raised concern that this could devolve into a propaganda war, given the differing opinions in the room.

Proposed next steps:

I propose that NWCOS hand-outs by addressed in two ways:

1. Keystone will make copies (and/or post to the web) materials that encourages the general education of NWCOS participants. Individuals are welcome to bring such documents to our attention.
2. To the extent folks want to distribute documents at NWCOS meetings documents that strongly promote one opinion or view, we will provide a table for making such hand-outs available. Individuals are responsible for making copies of these documents.

Issues needing full NWCOS action (if any) and recommended action:

Approval of the above approach.
