

Comments received on the October 14, 2005 version of the assumptions and criteria document from Jeff Comstock. Received on October 18, 2005.

Jeff's phone call/Kristi's typing:

My three issues are:

1. No desired plant communities in veggy or livestock.
2. RS 2477 in Transportation. Need to analyze impacts
3. Wildlife citation—adequate forage. Need to put livestock in this.

I will bring my worksheet and proposed solutions tomorrow.
